

Announcement on *Ops Hantar Pulang Pelajar Pengajian Tinggi* (4 May 2020 Update)

The MOHE is currently managing the movement of students between green zone to green zone interstate travels. UTAR will certainly work with the MOHE/authorities to facilitate the mobilization of our students who wish to return home. The movement of students will be done in stages.

After students have applied via *Sistem Maklumat Pergerakan Pelajar* online, the following preliminary information is important as a preparation for students to return home:

1. Students are required to download and fill in all details in MySejahtera Apps. For more info, visit <https://mysejahtera.malaysia.gov.my/FAQ/>
2. Students who are willing to travel by their own vehicle are required to inform the University to issue them a verification letter, namely the “*Surat Sokongan Kebenaran Pergerakan Balik Pelajar*” and also to obtain a written letter from the police headquarter. It is only for travelling within the state.
3. Students are not allowed to go back to their hometown if it is a yellow or red zone. However, students are allowed to go back to their relative’s home (in green zone) provided that they have informed the University of this arrangement supported by an approved letter from their parents or relative.
4. Students are required to inform their parents/guardian once the travel schedule is released.
5. Students involved will have to undergo health screening at a clinic / government medical centre (Pusat Kesihatan) before boarding the bus. The Department of Student Affairs (DSA) staff will give a briefing to students on the health screening procedure.
6. DGS staff / Liaison Officer (LO) will provide some food, face masks and hand sanitizer to students before boarding the bus.
7. All students are required to always wear a face mask and use hand sanitizer in the bus.
8. Students will be taken to their respective district police headquarter or the district office nearest to their houses, and will be sent home by front liners from various government agencies.
9. Parents who are staying within 5km away from the respective district police headquarter or the district office nearest to their houses are allowed to come and pick them up.

With this important preliminary information, we hope that students will start to do their preparation and to ensure that the process of this movement will be done smoothly.

If students have any academic matters, please contact your respective faculty for further advice /action. If for non-academic matters, please email to dsa@utar.edu.my or contact DSA Hotlines.
